

Governance & Partnership

- County boundaries are established & should be used as District boundaries
- we are accountable we document everything we do to the map.

"Communication - lobbyist that actually does something for us.
County boundaries are as efficient as we can get!!!"

Efficiency - You can't do more with less; you can only do less with less.

Governance + Partnerships

District boundaries are sufficient.
Communication starts from the top!

- we have no rent, →

District Boundaries are Suffered
No Combining or Dividing.
Merging will only cause lack
of trust

- our funding ideas get ~~not~~ taken
by other agencies.
- we spend too much time documenting
we are very accountable

~~IDOA~~ COMMUNICATION DWINDLING BETWEEN
IDOA & DISTRICTS.

TOO MUCH INTRUSION BY AISWCD
INTO ~~DNA~~ OPERATIONS OF DISTRICTS.

- Publish a professionally made
Newsletter (quarterly) representing
all Counties.
- Communication between IDOA +
AISWCD needs to be delivered
to SWCDS.

- Land Use Council and NRCS
DC pods should be the
same counties.

- prove (report) how we accomplish
plan of work
- Do Not want watershed based
boundaries

Governance & Partnership

- ~~from~~ Lack of communication
