

EPA INSPECTIONS

COUNTY STORM WATER ~~BA~~ SEDIMENT & CONTROL

WE'RE GETTING A NEW R/C WHO WILL NEED

A LOT OF TRAINING - NEED SOURCE TO COORDINATE
TRAINING PROGRAM PREREQUISITS FOR CERTIFICATION

NLR'S PROGRAM - SUPPORT PRACTICES

Each district board needs to define priorities -

Priority Programs - erosion, sedimentation -

Water quality, impacts downstream, up to district board
to provide direction -

Relevance - ~~we~~ need to be willing to go to outside sources
of revenue. EPA, County gov., NGO.

Need better communication for available training

Dept of Ag - timely notification

Should Association advertise available?

Regional Reps need to be more proactive in this area.

What conservation equipment could any district rent out?

• Need Training Program Coordinator

- What certifications are required?
- What classes needed?
- What skills needed for each role?
- What would most benefit district programs?

• Value in local control of
priority programs
- conservation needs vary
by geography, urban v.
rural

Education - Association provide to new district
employees. : direction
